

## Cleaning machine with detergent

The compact industrial solution for autonomous cleaning.

- |                                     |  |
|-------------------------------------|--|
| <b>Concept</b>                      | 5 positions rotating table                     |
| <b>Bath volume</b>                  | 2.5 liters                                     |
| <b>Cycle time</b>                   | Starting at 2 min.                             |
| <b>Cleaning station</b>             | Adjustable station(s) up to 80°C               |
| <b>Drying station</b>               | 1 adjustable station up to 150°C               |
| <b>Basket's size</b>                | H140 mm Ø125 mm                                |
| <b>Cleaning actions</b>             | Spinning, oscillation, stirring and ultrasound |
| <b>Programmable ultrasound</b>      | 20-50 W 40 kHz other frequencies optional      |
| <b>Rotational speed</b>             | 20-1600 rpm programmable                       |
| <b>Vertical oscillation</b>         | 0-100 mm programmable                          |
| <b>Traceability – quality</b>       | Barcode recipes management                     |
| <b>User-friendly interface</b>      | Touch-screen 15"                               |
| <b>Machine dimensions</b>           | Foot print 700 x 700 mm, H2400 mm              |
| <b>Airflow</b>                      | Integrated                                     |
| <b>Power supply</b>                 | 400 VAC 16 A                                   |
| <b>Version without connections:</b> |  |
| • <b>Detergent autonomy</b>         | 70 liters detachable cart                      |
| • <b>Water autonomy</b>             | 70 liters detachable cart                      |
| <b>Version with connections:</b>    |  |
| • <b>Detergent</b>                  | Adjustable automatic detergent ratio           |
| • <b>Water</b>                      | To be connected to the water supply            |
| • <b>Removal</b>                    | Straight to the water treatment plant          |
