

Solvent cleaning machine

**Washing and drying of small capacity to ATEX standards.
Perfection in cleaning with solvents.
Operating safety.**

SWISS
MADE 

ATEX labelling	Ex II 3G IIB T4
Number of baths	5
Volume of each bath	1 liter
Drying station	1 adjustable station until 60°C
Baskets size	H75 mm Ø80 mm
Mechanical cleaning actions	Spinning, oscillation, agitation, ultrasonic, dynamic output
Rotational speed	20-2000 rpm programmable
Oscillation	0-20 mm, adjustable
Ultrasonic	60 W 40 kHz available in a bath
Electrical cabinet	Integrated
Principle	6 positions rotation table
User-friendly interface	Touch-screen 7"
Dimensions	600 x 480 mm, height 900 mm
Dimensions with carbon filters	650 x 480 mm, height 1120 mm
Airflow	To be connected to an existing vacuum system, 15 m ³ /h min.
Power supply	230 VAC
Environment	Can be installed in an ATEX 2 zone
Removal	Does not require a water treatment station
Option	Active carbon filter
